From Inspiration to Execution: How Generative AI is Shaping Startup growth journey

T-Hub, IIIT Hyderabad and Microsoft are coming together to host Microsoft AI Day. The event will serve as a platform for facilitating engaging discussions bringing together start-up founders, investors, and enthusiasts, providing insights on Generative AI and how Microsoft can assist in scaling start-ups.

Please note that this event is invite-only and exclusive to start-up founders. We look forward to seeing you at our event and helping you take your start-up to the next level!

About T-HUB

T-Hub (Technology Hub) is an innovation hub and ecosystem enabler. Based out of Hyderabad, India, T-Hub leads India's pioneering innovation ecosystem. With a mission of enabling and empowering an ecosystem hungry for innovation, T-Hub is creating impact for startups, corporations, and other innovation ecosystem stakeholders. Incorporated in 2015, it has provided over 1800 national and international startups access to better technology, talent, mentors, customers, corporates, investors, and government agencies. It has elevated innovation for leading national and global corporations, transforming their business models for the better. Working in collaboration with innovation partners and enablers in Telangana, India and worldwide, T-Hub is building a future-ready innovation ecosystem.

About IIIT Hyderabad

IIIT Hyderabad, established in 1998, is the first IIIT in India and stands out among the 34+ IIITs for its focus on research and computer science. It boasts the country's largest research group in AI, making it a leading research university in the field. Additionally, IIIT-H has a strong commitment to transforming research into tangible products and startups. In 2008, the Centre for Innovation & Entrepreneurship (CIE) was established, becoming the largest academic incubator in the country. CIE offers comprehensive programs to support entrepreneurs throughout their startup journey. These initiatives include entrepreneurship courses and workshops, Product Labs for developing innovative ideas, pre-incubation programs for early-stage startups, incubation support, mentorship programs, investor pitch days, and expert-led talks and workshops. IIIT Hyderabad's CIE fosters a thriving ecosystem for innovation and entrepreneurship, bridging the gap between academia and industry.
